

I would like to say that I spend a LOT of time listening to the KLOVE radio network. This station broadcasts positive Christian messages and songs to my local community and know most of the women of my generation listen to and are encouraged by this station. Even my husband - a farmer - gets encouragement and support from it. We would be very disappointed if this station were replace by just another station with the same programming agendas as all the other stations.

I believe our community would lose a really valuable resource if KLOVE were taken off the air and/or replaced by a secular station. They provide 24/7 encouragement, counselors and pastors which can only benefit all of our world with so many people hurting in our world.
